

What is a Neuroscience Nurse?

Where do I find Neuroscience Nurses?

A Neuroscience Nurse can be found in almost any field of Nursing. We have active members working in the following fields and positions:

- Neurosurgery
- Neurology
- Stroke
- Intensive Care
- Spinal
- Trauma
- Operating Suites
- Rehabilitation
- Palliative Care
- Medical Imaging
- Endocrinology
- Nursing Homes
- General Medical Areas
- Community Nursing Programs
- Special Interest Groups/Associations
- Education – College, Universities
- Nursing Unit Managers
- Clinical Nurse Consultants
- Nurse Practitioners
- Clinical Nurse Educators
- Registered Nurses
- Enrolled Nurses
- Assistants in Nursing

ANNA welcomes members who are non-nurses with a special interest in the care of the Neuroscience patient. These include:

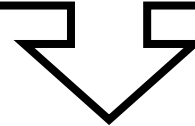

- Physiotherapists
- Speech Pathologists
- Occupational Therapists
- Social Workers
- Dietitians
- Pharmacists
- Neurophysiology Technologists
- Company representatives

Do you want to be part of a dynamic and varied specialty?

Do you want to contribute to research?

Do you enjoy networking with your peers?

Do you want to participate in multi-disciplinary evaluation of care and decision making?

Then Neuroscience Nursing is for you!

Encourage your colleagues to broaden their focus and consider the work they do in the light of Neuroscience Nursing. We may have a great deal to offer!

association

Membership Brochure

The Australasian Neuroscience Nurses Association (ANNA), as the peak body for neuroscience nurses, facilitates and fosters the advancement of neuroscience nursing thus enabling optimal patient centred care.

ANNA achieves this through the provision of opportunities to network, access to resources, promotion and support of the neuroscience speciality.

Its main objectives include:

- To support the ongoing development of the Neuroscience Nursing speciality to enable optimal health care delivery and outcomes for patients and their families.
- To ensure systems and processes are utilised to ensure compliance with all relevant legal, professional and business regulations.
- To implement and maintain accountable member centred services that supports the functions of the Association and maintain financial responsibility and sustainability of the Association.
- To enhance and maintain services and activities that promotes networking of members and the broader health care systems.

The Association is a member of the **World Federation of Neuroscience Nurses (WFNN)**. All ANNA members are members of the WFNN and are provided with regular information regarding World Federation Activities through correspondence from the Executive and through Branch Delegates.

The Association publishes the **Australasian Journal of Neuroscience**. Members are encouraged to contribute articles for publication in the Journal.

The Association holds an **Annual Scientific Meeting (Conference)**. Members are encouraged to present papers and participate in the social program with members from around Australia, New Zealand and Asia. Conference funding is available, on application from Federal and some State Branches, subject to application criteria being met.

Links have been established with the **Neurosurgical Society of Australasia (NSA)** and the **Australian and New Zealand Association of Neurologists (ANZAN)**. Participation in their related programs is encouraged.

The Association **Annual General Meeting** is held during the Annual Scientific Meeting. Members are encouraged to participate in all areas of the Associations activities.

The administrative function for the Association is currently performed by FineHaus. All correspondence should be sent to FineHaus at admin@anna.asn.au

Membership

New Members \$120.00

New members will receive a New Member letter and an ANNA Membership badge.

Renewals \$110.00

The membership year runs from July to June (financial year), with renewals issued in May for the following Membership year.
